

# R.J. Reynolds' candy-flavored cigarettes will hook her.

## A handful of House members refuse to stop it.

While R.J. Reynolds markets candy-flavored cigarettes like "Twista Lime" and "Kauai Kolada," some members of the House are blocking FDA regulation of tobacco. The bipartisan FDA bill passed the Senate 78 to 15, and the public overwhelmingly supports it. Every day we wait to pass FDA regulation, another 2,000 kids get hooked on tobacco. 1 in 3 will die prematurely from it. And still some House members play Big Tobacco's game. It's time for the House to join the Senate in standing up to Big Tobacco and protecting our kids.

Give the FDA authority over tobacco. Give our kids a chance.
