Whose side is **your** legislator on?

BIG TOBACCO

73% OF
IDAHO VOTERS

Increasing the current tobacco tax by \$1.25 will help relieve taxpayers of the \$539 annual burden every household now pays for tobacco related health costs and keep kids from smoking. That's why 73% of Idaho voters support it. Tobacco companies know this. That's why they're fighting to stop it. Call your legislators at 1-888-NOW I CAN and ask them "Whose side are you on?"
