

# The Risk Continuum of Tobacco Products

## Which Public Health and Policy Organizations Support the Risk Continuum?

- Institute of Medicine (2001)
- *American Council on Science and Health (2006)*
- Royal College of Physicians (2002, 2007)
- Scientific Committee on Emerging and Newly Identified Health Risks – European Commission (2007)
- *Life Sciences Research Office (2008)*
- American Association of Public Health Physicians (2008)
- World Health Organization (2008)
- Strategic Dialogue on Tobacco Harm Reduction Group (2009)

**These organizations have endorsed the tobacco harm reduction policy of encouraging smokers who will not quit to switch to products with less risk:**

- *American Council on Science and Health (2006)*
- Royal College of Physicians (2002, 2007)
- *Life Sciences Research Office (2008)*
- American Association of Public Health Physicians (2008)
