

STATE EXCISE TAX RATES FOR NON-CIGARETTE TOBACCO PRODUCTS

Every state has at least some tax on non-cigarette tobacco products. FL and PA do not tax cigars, but do tax other tobacco products (OTP). Although not listed below, some localities have a tax on OTP in addition to the state tax. The highest rates for moist snuff, as a percentage of wholesale/manufacturer's price, are in MA (210%), WI (100%), MN (95%), FL (85%), DC (79%), and AK (75%). Of those states that tax OTP at a percentage of price, the average rate is roughly 47.4%. Some of the states with the lowest percentage of price OTP taxes have high rates of smokeless use by high school males, such as WV (14.5%).¹ Nationwide, 5.8% of high school boys and 1.6% of girls use smokeless tobacco.² It is important to raise tax rates on all tobacco products to prevent initiation with or switching to lower-taxed and lower-priced tobacco products.

Data from the 2019 National Youth Tobacco Survey (NYTS), using a different methodology from the YRBS, found that 7.5% of high school boys and 1.8% of girls use smokeless tobacco (<https://www.cdc.gov/mmwr/volumes/68/ss/pdfs/ss6812a1-H.pdf>).

³ Each state that has a separate "snuff" definition defines it differently, but it is usually defined as any powdered, finely cut, or ground tobacco that is not intended to be smoked.

⁴ "LC" indicates that the state has specified that little cigars, however defined by the state, are taxed at the same rate as cigarettes.

⁵ California's other tobacco product tax is based on the state's cigarette tax rate and is adjusted on July 1 every year.

⁶ Colorado's nicotine product tax increases each year or two years until 2027.

⁷ Washington, DC's other tobacco product tax is based on the District's cigarette tax rate and is adjusted on October 1 every year.

⁸ ANP = "alternative nicotine products."

Campaign for Tobacco-Free Kids, March 1, 2023 / Ann Boonn

Manufacturer's (Mfr.) Price is the price charged to wholesalers/distributors by the tobacco company that makes the product. **Wholesale (w/s) Price** is either the price charged to retailers by the wholesalers/distributors or, in some states, equal to the Manufacturer's Price. **Parallel tax rate** is based on the cigarette tax and the taxable wholesale price of cigarettes versus other tobacco products.
