

Implementation date and additional rounds 2013

Tobacco products package coverage and location
Graphic health warnings are required to cover 50% of the front and 50% of the back of the package. Overall, 50% of the package space is allocated to health warnings.

Misleading information
Misleading descriptors such as 'light,' 'ultra-light,' and 'mild' are prohibited from appearing on packages.

Constituents and emissions information
A message is required to display qualitative (descriptive) constituents and emissions information. However, the content of the message has not been issued.

Special notes
Legislation applies to all tobacco products (combusted and smokeless) without specifying the content of the warnings for each type of tobacco.

Rotation schedule, history, language, and help for smoking cessation

Seychelles has produced one round of graphic health warning labels:

Round (year)	Number	Size (%) [average— front/back]
R1 (2013)	4	50— 50/50

Warnings within each round are required to be rotated for a period of 3 years. Warning texts must be in Creole, English, or French, the principal languages of the country. No quitline phone number or government-sponsored website is required to be displayed on the package.
