**SURINAME**

Implementation date and additional rounds  
2014

**Tobacco products package coverage and location**  
Graphic health warnings are required to cover the top 50% of the front and 50% of the back of the package. Overall, 50% of the package space is allocated to health warnings.

**Misleading information**  
Misleading descriptors such as ‘light,’ ‘ultra light,’ ‘mild,’ etc., figures for emission yields (including tar, nicotine, and carbon monoxide) and expiration dates are prohibited from appearing on packages.

** Constituents and emissions information**  
No message is required to display qualitative (descriptive) constituents and emissions information.

**WARNINGS: 2014**

**Special notes**  
Legislation applies to all tobacco products (combusted and smokeless) without specifying the content of the warnings for each type of tobacco.

**Rotation schedule, history, language, and help for smoking cessation**  
Suriname has produced one round of graphic health warning labels:

<table>
<thead>
<tr>
<th>Round (Year)</th>
<th>Number</th>
<th>Size (%) [average— front/back]</th>
</tr>
</thead>
<tbody>
<tr>
<td>R1 (2014)</td>
<td>6 pairs</td>
<td>50— 50/50</td>
</tr>
</tbody>
</table>

Warnings within the round are required to be rotated for a period of 18 months. Warning texts are in English; however, the principal language of the country is Dutch. No quitline phone number or government-sponsored website is required to be displayed on the package.
WARNINGS: 2014
